### ASSUMPTION

Officials of the **Secretary of State**, the **Department of Health**, the **State Treasurer** and the **Lottery Commission** stated that the proposal would not affect their agencies. (Officials of the Secretary of State did note that the Technology Trust Fund has enabled that office to upgrade its systems and services and expressed some concern that losing that dedicated source of funding could hinder or at least slow modernization of office systems. They also noted that the sections concerning the trust fund would expire whether this proposal is adopted or not.)

**Oversight** notes that the proposal does not affect any sections of RSMo which would have any effect, after the effective date of the proposal.
